### **GCH Tool Group Announces Release of Centerless Grinder Guide**

WARREN, MI (August 19, 2014) - GCH Tool Group, the world's largest supplier of spare parts, components and assemblies for centerless, ID, OD, double disc and surface grinders, is pleased to announce the release of its centerless grinder guide. This 16-page, full-color guide presents an "at-a-glance" snapshot of the company's main offerings.

"Our new guide shows the depth of our inventory," says Dan Geddes, GCH Tool Group president. "No one in the world has a larger inventory of new parts and components than GCH. Because we're grinder experts, we're able to partner with customers whether they're seeking a component or spare part for a grinder, or looking to improve a process."

Along with product offerings, the guide also includes information on GCH's exclusive remanufacturing exchange program, the company's best-in-class in-house metrology laboratory, and grinder upgrades and accessories. The guide features an array of vivid photos and easy-to-read text.

The guide is available electronically as a PDF file or in print. To receive a copy, please write to [sales@gchtool.com](mailto:sales@gchtool.com) or call 586-777.6250.
